# Season's Greetings

**Trimley High Road and Spriteshall Lane  
Neighbourhood Watch  
December 2003**

**Just a few reminders for this time of year.**

**Suffolk Police have asked us to remind you Lock all doors and secure ground floor windows both when at home and when you are away. Make sure a neighbour is aware if you are away, especially over the Christmas period.**

**An old message but keep all those presents well hidden out of sight when in your car - having just bought them or when taking them to friends and relatives. Mr Thief is an opportunist. Enjoy Christmas making it one to remember for all the good reasons.**

**Next year we will endeavour to be more active on the neighbourhood watch front.**

**Finally, looking forward to seeing**

**as many people as possible at**

**the Christmas Tree Switch On.**

**Full details on the reverse.**

**Have a Happy Christmas and New Year and remember -**
